

June 25, 2009

Dear Student:

This letter is to notify you that as a result of your improved academic record, you have met the standards for removal of "disqualification status", and are being placed on **Continuing Academic Probation**. The College provides a number of services that can assist you to improve your academic standing and assigns certain responsibilities to you as a probationary student. The services are as follows:

- You must continue to meet the stipulations of your Student Success Contract (SSC) and review the contract with a counselor once per semester.
- You will not be able to add any classes to your schedule without the approval of your counselor.
- You may drop classes without prior counselor approval.
- Your registration for a subsequent semester is blocked until your counselor approves your schedule of courses for that subsequent term.

The College recognizes the progress that you have made in improving your academic standing and we encourage you to continue that improvement.

If you need further assistance, please call Angelia Savage at (559) 791-2248.
